

### Problem #1

Create a Microsoft Word document that describes a Rubik's cube to a person who has never seen or heard of one. Use only graphics you have created and nothing copied from the internet. The following summarizes how the document shall be formatted.

- Margins shall all be 1 inch, except the left margin shall be 1.25 inches.
- Font shall be 12-point Times New Roman.
- Text shall be single-spaced and paragraphs indented.
- Your graphics and description shall be on a single page, not counting the title page.

### Notes

Keep in mind the following for your MS Word document:

- Your figure captions must be inserted as links.
- All figures shall be called from the text with links and described fully.
