

Create a Flyer to Advertise Your Proposal Presentation

Create a flyer to advertise your proposal presentation. You are welcome to download and use the [PowerPoint template](#) provided on the course website or create your own version containing the same information and graphics.

Present Your Research Proposal

Present the research you described in your proposal document using the best practices covered in *Research Methods*. Download and use the [PowerPoint template](#) provided on the course website. Do not deviate from the template style although you may deviate somewhat in the outline, color scheme, and logos if you wish. Your presentation should summarize all of the information contained in your research document.

Upload Your Documents

A link will be provided for you to upload your flyer and PowerPoint presentation. Your files must be uploaded at least 24 hours before the start of class on the day of your presentation.

Attend All Presentations

Your attendance at all presentations is mandatory.
